Millwood Fund of \$500,000 in Water Bill

WASHINGTON (AP) — Major projects on the Arkansas River and the Ouachita River in Arkansas and Louisiana have advanced on two congressional fronts.

One congressional committee approved authorizations for Arkansas projects, while another boosted appropriations for Arkansas work yesterday.

A Senate-House Conference Committee agreed on a compromise bill to authorize future construction of one and a half billion dollars worth of water projects, including \$45,000,000 for nine-foot channel on the Ouachita River. The measure also included a \$50,000,000 for the White River Basin in Arkansas.

The Senate Appropriation Committee approved additional funds for Arkansas River projects in Arkansas and Oklahoma and on the Ouachita-Black Rivers in Arkansas and Louisiana.

The authorization bill does not provide funds, but merely authorizes projects. Congress must appropriate money for work later. This is what the second bill would do.

The appropriation bill, as approved by the Senate Committee, contains \$150,000 for planning on the Ouachita project. The bill as passed by the House did not contain these funds.

Arkansas River projects approved by the Senate Committee include \$200,000 for starting planning on navigation locks and dams to provide a nine-foot channel as far upstream as Caloosa, Okla., \$6,100,000 for construction of the Dardanelle Dam in Arkansas and \$27,400,000 for Eufaula Reservoir, \$17,400,000 for Keystone Reservoir and \$3,700,000 for Oologah Reservoir, all in Oklahoma. The House approved only \$14,630,000 for Keystone.

The Senate committee also added four million dollars for stabilization work on the Arkansas. This is in addition to five million dollars for emergency bank stabilization in the House-passed bill.

Sen. Allen J. Ellender (D-La.), John L. McClellan (D-Ark.) and Robert Kerr (D-Okla.) all members of a subcommittee handling the public works appropriation bill, had a hand in adding the funds.

McClellan and Kerr also got committee approval of \$300,000 to start construction of Millwood Dam on Little River in Arkansas and \$500,000 for construction on the Broken Bow Dam in Oklahoma, neither of which was included in the House measure. They are two of a series of proposed dams for flood control and water conservation as part of a flood protection program on the Red River.

The committee also approved \$100,000 in planning funds for Gilliam Reservoir in Arkansas and \$150,000 for planning for Pine Creek Reservoir in Oklahoma, two other dams in the series, which the House also had approved.

McClellan also persuaded the committee to add \$200,000 in planning funds to prevent the Red River from collapsing bridges at Garland City.

Other Arkansas items the House-passed bill which the Senate also approved were: Beaver Reservoir \$2,000,000; Bull Shoals \$3,300,000; Greers Ferry Reservoir \$11,143,000; Arkansas River general study \$381,000; DeGray Reservoir \$300,000 for planning. The same committee also approved a \$7,000 appropriation for flood control of the Lower Mississippi River and its tributaries which included \$150,000 for the Lower White River, \$600,000 for the Lower Arkansas River and \$1,150,000 for the Boeuf and Tensas Rivers. The House-passed bill provided \$320,000 for the Lower Arkansas and \$1,090,000 for the Boeuf and Tensas.

The authorization bill also included \$346,000 for McKinney Bayou; \$668,400 for Manicou and \$1,750,000 for Garland City bank protection.

The Garland City project is one of six which the conference committee said would remain in the bill unless Army Engineers or President Eisenhower rejects them. The Village Creek project was cut to \$294,000 from \$1,322,000.

Most of the changes in the authorization bill were made to meet anticipated presidential objections. Eisenhower vetoed similar authorization measures in 1956 and 1958, but later signed a compromise bill in 1958.

A project normally receives an authorization first, then gets appropriations for planning and construction as work progresses.

Must Pay for Pastureland

LITTLE ROCK (AP)—Edward McClure's land might be an ideal site for the Dardanelle Dam on the Arkansas River. But he'll be paid for its value as grazing and timber land.

That was the ruling yesterday of Federal Judge JM Smith-Henley. Henley rejected McClure's contention that he should be paid \$405,000 because his 81 acres of land was an ideal dam site. The judge approved a valuation of \$1,650.

Henley said a property owner whose land is taken by the government must be paid according to the land's market value.

Henley added, "There was no evidence . . . there was any market for dam sites along the Arkansas River."

The south end of the dam rests on the property, which is in Yell County.

Electric Plant May Be Next Castro Seizure

By ROBERT BERRELLEZ

HAVANA (AP)—Fidel Castro's regime early today replaced its communications minister in a move apparently signaling further harassment and possibly seizure of the Cuban Electric Co. the largest remaining American investment in Cuba.

With a marathon cabinet session still in progress after 13 hours, President Osvaldo Dorticos announced the resignation of Communications Minister Enrique Oltuski and his replacement by Raul Curbelo Morales, a virtual unknown.

Oltuski at a news conference two weeks ago accused the electric company—which comes under his ministry's jurisdiction—of sabotaging the revolution because it refused to carry out an expansion program after the Castro government cut its rates a third. But informed sources said the regime felt Oltuski had not been aggressive enough in his application of revolutionary policies.

Valued at 300 million dollars, the electric company is half owned by the American and Foreign Power Co.

Oltuski's replacement also could be a preliminary to formal confiscation of the 125-million-dollar Cuban Telephone Co., in which the U.S. International Telephone and Telegraph Co. owns 65 per cent of the stock. But Castro representatives have been in complete control of the telephone company since March 4, 1959, and the last U.S. executive was ousted last February.

Relinquishing the pending U.S. congressional bill to trim Cuba's quota of sugar sales to the United States, the Castro regime stepped up its campaign against American investments by taking over all operations Wednesday of the American-owned Texaco Oil Company, including its 20-million-dollar refinery at Santiago. The oil company indicated its claims for the properties seized may total 30 million dollars.

Texaco along with Esso Standard of New Jersey, the other American refinery in Cuba and the British-Dutch Shell Co., had refused to process Soviet crude oil bought from the Soviet Union with Cuban sugar.

Grady Reed, 54, dies at home on Wednesday

Grady Reed, aged 54, a resident of Hope, died at his home yesterday.

He is survived by his wife, Mrs. Yonna Reed, two daughters, Mrs. Polly Biddle of Hope and Mrs. Grace Hill of California; a brother, Bryan Reed of Okay; two sisters, Mrs. George Thompson and Mrs. Belle Thompson of Hope.

Funeral services were held at 2:30 p. m. today at Herndon-Cornelius Chapel by the Rev. W. C. Land. Burial was to be in Yellow Creek Cemetery.

Central Committee Meets July 5th

The Hempstead Democratic Central Committee will meet at 10 a. m. Tuesday, July 5, at Hope City Hall, according to Chairman W. S. Atkins.

At that time candidates will draw for places on the ballot and the Committee will select judges and clerks.

U.S. Strategists Reportedly Ready for Harder Policy Against the Castro Regime

By LEWIS GULICK

WASHINGTON (AP) — U.S. strategists were reportedly ready today to adopt a harder policy of action against the Fidel Castro regime.

They have become convinced that the United States has passed the point of no return in trying to settle disputes with the Cuban Prime Minister through normal means. Diplomacy and words, soft or harsh, have bounced off him with no effect.

What precise action the United States will take depends on the time and circumstance.

One plan under serious consideration is to cut down on the U.S. sugar subsidies which Castro officials say enslave Cuba, and use the money to pay claims of Americans whose property has been seized by the Castro regime.

House action was scheduled today on an administration-backed bill which would give the President power to slash the Cuban sugar quota.

Over the longer range, U.S. authorities looked for possible action by the 21-nation Organization of American States to curb Castro.

But OAS action would require a larger degree of support than U.S. authorities figure would be forthcoming from the other Latin American countries at this time.

One important factor is the length to which the Communists are willing to go to uphold their Caribbean beachhead.

U.S. experts figure Castro could fall of his own weight without outside help. If Moscow goes all out to support Castro, including signing a military pact, these experts believe Latin-American opinion will more easily crystallize to the point of supporting joint OAS action.

House GOPs Opposing Any Recess

WASHINGTON (AP) — House Republicans voted unanimously today to oppose the Democratic plan for Congress to recess this weekend and return to work in August after the national political conventions.

Rep. Charles B. Hoey (R-Iowa) announced the GOP stand after a party caucus.

He called the recess proposed by House Speaker Sam Rayburn (D-Tex.) and Senate Democratic Leader Lyndon B. Johnson (D-Texas) "just a politically inspired move."

"There is still plenty of time to complete the public's business," declared Hoey, spokesman for the caucus.

Hoey said he expects to pick up some Democratic support in a fight against the recess.

He said there had been no attempt to sound out Republican sentiment in the Senate on the issue.

The Senate Republican leader, Sen. Everett M. Dirksen of Illinois, supported Johnson's recess stand Wednesday.

Since all members of the House must run for re-election, if they are to remain in Congress, there is greater collective sentiment there than in the Senate for getting back home to political fence-mending duties.

Asked to Review Improvements

WASHINGTON (AP)—Army Engineers have been asked to review reports on the St. Francis River in Polk County, Ark., for possible further flood control improvements.

The Senate Public Works Committee yesterday adopted a resolution asking that the study be made with a view to determining the advisability of further improvements for flood control, drainage and other water uses in Polk County Drainage District No. 7.

It asked that special attention be paid to possible diversion of the river in the St. Francis Lake area.

Like Vetoes Bill Hiking Pay of U.S. Employees

WASHINGTON (AP) — President Eisenhower today vetoed a bill to raise the pay of 1 1/2 million federal employees by 7 1/2 per cent. He called the measure "indefensible by any light."

However, Eisenhower left the door open for a smaller hike, what he termed "a modest increase reasonably commensurate with the percentage rise" in the cost of living since the last general pay increase.

Democratic leaders in Congress are planning, however, an attempt to override the President's veto of the 7 1/2 per cent measure.

The House is expected to vote on an overriding attempt Friday.

In his veto message, Eisenhower said:

"This hastily-drawn bill violates every concept of fairness, every rule of reason and logic. Were this measure to become law, the already conspicuous unfairness and discrimination in our antiquated federal pay system would be greatly intensified."

"Instead of making progress by improving the federal pay structure—we would actually be taking a long step backward."

It takes a two-thirds margin of members voting in both the House and Senate to override a veto.

The measure passed in both the House and Senate by more than that margin.

Eisenhower's statement that he would be willing to approve a smaller pay hike, in new legislation, appeared to be a move to rally votes to sustain his veto.

Khrushchev's Reception in Austria Cool

By RICHARD O'REGAN

VIENNA, Austria (AP)—Soviet Premier Nikita Khrushchev arrived in neutral Austria for a nine-day state visit today and got a cool reception. Except for a small contingent of Communists, the response was apathetic.

About 6,000 persons were at the Soviet War Memorial as Khrushchev's motorcade swept into the center of the city from the airport. Most of the crowd just stood and stared. A knot of about 200 Austrian Communists sent up a thin cheer but Khrushchev may not have heard or seen them.

They were lined up on the far side of the street as he sped by in a closed car.

Some customers at sidewalk tables of nearby coffee houses didn't bother to look up from their newspapers as the motorcade, pulled up in front of the Imperial Hotel, where Khrushchev is staying. In general the average citizen appeared bored.

Khrushchev's Austrian visit is expected to be all smiles and talk of peaceful coexistence.

Road Fund Drop Is Not Alarming

LITTLE ROCK (AP) — Arkansas probably can spend 41 million dollars to build new highways next year.

That is eight million dollars less than was available for road building this year, the Arkansas Highway Commission said yesterday.

However, Commission Chairman Lawrence Blackwell of Pine Bluff said the drop was not alarming.

The Highway Department will get about 52 per cent of the 30 million dollars in highway taxes the state will collect. It will get roughly the same amount in federal matching funds, making a total of about 60 million dollars.

Maintenance costs, administrative expenses, bond payments and other costs will reduce the kitty to about 41 million.

Blackwell said the state will continue to have a backlog of unused federal matching funds, but he added there is no danger of the state losing any of this money.

still in Gene Fullmer's hands today after he stopped challenger Carmine Basilio in 2:34 of the 12th round in a bruising battle Wednesday night.

Fullmer's manager, Mary Johnson, today dismissed Basilio as a contender and said he has a \$100,000 offer for his battle in mid-July in Chicago.

Basilio, enraged when the fight was stopped, pushed the referee, threatened to punch him and claimed he was the victim of a home town decision.

Fullmer, the 29-year-old West Jordan, Utah, mink rancher, was in charge from the beginning and was ahead on every card when the end came. Judge Del Marko had Fullmer ahead 100-102, Judge Bob Yarnall 100-102, and Judge Joe Felt 100-101.

In winning the nationally-telvised bout, Fullmer extended his record to 32 victories. He has lost three and had one draw. Basilio is 34-15-7.

Basilio weighed 150½, the heaviest of his career. Fullmer 149½.

Basilio, both eyes cut, his face swollen and wicked-looking with some angry blazes at everyone connected with the fight when it was over. He excepted Fullmer, "Gelle and I are good friends,

but this Utah Allstate Commission belongs to Jensen," he charged. "And that referee, he charged. He should have stopped it. He could see the handwriting on the wall. Did he think he would have won the fight continued?"

"Sure," he snapped.

Basilio might have been hurt, pressed to find money in the crowd of 10,500 who would agree.

The battered ex-champion from Chateaugay, N.Y., was obviously hurt by heavy Fullmer lefts to the body and right shots to the face. Basilio, reeling about and building bit in the 12th, it appeared the end was near, but way in an alley.

Referee Giacomo of suburban Midway, Utah, who was working his first big fight, decided Basilio had had enough and stopped it. There were no knockdowns, but by the eighth Fullmer crashed into Basilio as he was going away and carried him flat on his back, landing on his feet again like a seasoned lumberer.

Fullmer, severely marked, told reporters he was surprised at Carmine's "lack of aggressiveness." Basilio saw it another way. "The (Fullmer) didn't want to make a fight of it."

Rookie Hurler Gives Indians a Good Chance

By ED WILKS
Associated Press Sports Writer

Dick Stigman, the rookie who went sour as a reliever, has been nothing but a winner now that the Cleveland Indians have given him another chance as a starting pitcher.

The lanky lefty followed up a four-hit victory over the New York Yankees with a 5-3 job on Baltimore Wednesday night, giving up just six singles as the Indians edged ahead of the Orioles into second place in the American League race.

Cleveland is one percentage point above the Orioles, but the Birds, who have lost three straight, are a half-length ahead in the "games behind" column since they've played more games. They're 1½ games back of first-place New York. The Indians trail by two.

The Yankees played with it by whipping Kansas City 10-0 as Roger Maris belted two more home runs and Jim Coates won his 13th straight, nine this season, with a three-hitter.

Last-place Boston defeated Detroit 4-2. Chicago's game at Washington was rained out.

In the National League, Pittsburgh and San Francisco were tied by rain, but second-place Milwaukee failed to gain ground on the Pirates. The Braves still trail by 2½ games after splitting a double header at Chicago with the last-place Cubs, losing 3-2 and then winning 3-1.

St. Louis regained fourth place from Cincinnati, beating the Reds 5-2. The Los Angeles Dodgers tied Cincinnati for fifth by sweeping a twilight doubleheader at Philadelphia, 6-3 and 5-2.

Stigman, who beat the Birds and Jerry Walker (2-1) with a two-run single in the fourth inning, now has a 4-4 record—3-1 as a starter.

Coates, getting his usual support from the Yankees, put away the first low-hit game and second shutout of his somewhat fantastic 15-1 major league career. He walked two, struck out six and allowed nothing but singles.

Clayton Kershaw also homered for the Yankees, who have scored 104 runs in Coates' 12 starts this season—an average of almost nine runs a game. Both of Maris' homers, each with a man on, came off Ray Herbert (3-8) and upped his major league leading total to 24. He also leads the AL

Gary-DeVore Vows Exchanged

The first Presbyterian Church in Prescott was the scene on June 20 of the candlelight wedding of Miss Ina Mickey DeVore and Randall Ellis Gary. The double-ring ceremony was solemnized at 7 o'clock with the Rev. J. H. Harold Robertson officiating.

The bride is the daughter of Mr. and Mrs. Charles William DeVore. Mr. Garrett's parents are Mr. and Mrs. Thomas Harold Gary of Texarkana, Texas.

Vows were pledged at the altar which was flanked by tall baskets of woodland fern, bells of Ireland and white gladioli interspersed with candelabra holding lighted tapers against a background of greenery.

Mrs. Warren Cummings presented a program of nuptial organ music. She accompanied Rev. Robertson as he prayed the Lord's Prayer.

After the vows were pledged the bride and groom together lit a candle signifying that the two had become one.

The bride given in marriage by her father, wore a ballerina length dress of silk organza over tulle. The fitted bodice featured a scalloped neckline outlined with motif of illusion encrusted with seed pearls. The bouffant skirt featured complimenting motifs of illusion. Her shoulder-length veil of silk French illusion was attached to a coronet of seed pearls. She carried a colonial bouquet of cymbidium orchids and fleur d'amar.

Miss Joan DeVore, sister of the bride, was maid of honor. Her Milwaukee failed to gain ground on the Pirates. The Braves still trail by 2½ games after splitting a double header at Chicago with the last-place Cubs, losing 3-2 and then winning 3-1.

Bridesmaids were Miss Joan David and Miss Kay Ridgill, their pale green silk organza dresses and headresses were fashioned like the honor attendants. They carried identical long stemmed roses.

Thomas Brigham of Texarkana, Tex., was best man. Steven DeVore, brother of the bride, Thomas Gary, brother of the groom, were ushers. Al Daniels lighted the candles.

Following the wedding Mr. and Mrs. A. M. Rettig, Ellen and Kathy honored the bride and groom with a reception in the church parlor.

Mrs. J. O. Coleman and Mrs. Horace Ester of Gurdan aunts of the bride, served the punch. Mrs. J. H. Robertson and Mrs. Cecil Osborne of Okolona, aunt of the bride, served the cake. Mrs. Kirkpatrick of Commerce, Texas, sister of the groom, presided at the brides book. Also assisting were Misses Ellen and Kathy Rettig, Miss Jean Cunningham, Miss Jean Buchanan, Miss Sue Osborne, Mrs. W. C. McMahon Mrs. Clara Wishard, Mrs. Olin

Gary-DeVore Reception Dinner
Mrs. J. O. Coleman and Mrs. Horace Ester of Gurdan honored their niece, Miss Ina Mickey DeVore, her fiancée, Randall Ellis Gary and their wedding party with a reception dinner in the home of Mrs. Coleman on Saturday evening.

The table was covered with a white linen cloth. White candles in crystal holders flanked an arrangement of white gladioli and bells of Ireland in a crystal bowl. Miss DeVore's chair was marked with a white bow and white flowers and she received a corsage of pink roses and a gift of silver in her chosen pattern. On the buffet was piled beautifully wrapped wedding gifts with a miniature bride and groom peeping out from behind the packages.

Miss DeVore wore a bright slanting sheath with a large collar.

IT ONLY FEELS LIKE POWER STEERING (Corvair doesn't need it)

Corvair's ingenious design simply places the engine in the rear. That means less weight on the front wheels and a lighter, happier feel in the curve of your hands. No power assist is needed in a car that's naturally nimble.

See what a fresh engineering approach can do! From handling and parking ease right on, there just isn't anything ordinary or conventional about Corvair. Look at its practically flat floor, four-wheel independent suspension, fold-down rear seat. Its air-cooled rear engine that never needs water or antifreeze or radiator repairs... and leaves engine heat and noise back where you've been. All these special advantages are standard in every Corvair. Just wait till you see how much they add to your driving pleasure. But why wait!

Miss Shirley Willis And William Wayne Reese Exchange Wedding Vows
The White Oak Grove Baptist Church was the setting for the marriage of Miss Shirley Nell Willis, daughter of Mrs. Ray Willis, to William Wayne Reese, son of Mr. and Mrs. Curtis Reese of Nashville, on Saturday night, June 25.

Before the exchange of vows Miss Linda Evans played appropriate music on the piano and accompanied Miss Joy Highfill who sang "Because." The singing ceremony was performed by the Rev. John G. Reese of Magnolia, uncle of the bridegroom. The altar was decorated with peach-colored gladioli and white phlox.

The bride was given in marriage by her brother, Almer Willis of DeAnn. She wore a princess style dress of white nylon, which had a sleeveless jacket enhanced with embroidery. With it she wore long gloves, and a pearl necklace was her only jewelry. Her veil fell from a white velvet bandeau decorated with sequins and tiny flowers. She carried a white Bible topped with white carnations.

Miss Carolyn Willis, sister of the bride, was her maid of honor. Her dress was blue taffeta, and she wore a small white hat. She pinned a corsage of blue hydrangeas at her shoulder.

Gene Smithson of Nashville served the bridegroom as best man. Ushers were Dick Willis and Jimmy Carver, both cousins of the bride.

A pale green silk print with white accessories was worn by Mrs. Willis, mother of the bride, who pinned an apricot-colored corsage of a gladioli at her shoulder. Mrs. Reese, mother of the bridegroom, wore navy linen with white accessories, and a corsage was of Shasta daisies.

Following the wedding reception was held at Midway in the home of Mrs. Glynn McDonald, sister of the bride. Guests were greeted at the door by Mrs. Mamie Gentry of Hope, aunt of the bride. She introduced them to the receiving line in which they met the wedding couple, their parents, and members of the

club. While floral decorations in the house included petunias, geranias, and daisies.

Club guests for the afternoon were Mrs. John Vesey, Mrs. R. S. McDavitt, Mrs. E. J. Whitman, and Mrs. R. P. Barlow. After bridge was played at two tables, a dessert course with coffee was served. Tea guests were Mrs. E. H. Stewart and Mrs. McRae Andrews.

Hope Duplicate Bridge Club Meets At Diamond
Five tables of players participated in the Hope Duplicate Bridge Club meeting on Monday, June 27 at the Diamond. Highest scoring couple was that of Mrs. J. C. Broyles and Mrs. Syd McMath. In second place were Mrs. Bill Roulton and R. L. Broach, and third place winners were Mrs. John Hatley and Miss Elizabeth Bridewell.

Miss Allie Ward And Jimmie McBride United In Marriage
In a ceremony, Sunday, May 22 in Forrest Hill Baptist Church of Emmet, Miss Allie Mae Ward, daughter of Mr. and Mrs. Dervin Ward of Emmet, became the bride of Jimmie McBride, son of Mr. and Mrs. Herman McBride, also of Emmet. The double ring ceremony was performed by Elder W. E. Thomason before a background of greenery interspersed with candelabra holding burning tapers and baskets of white gladioli and stock on either side. Mrs. Brooks Collins of Hope, played a program of traditional wedding music and also accompanied Mrs. Carl D. Ward, soloist.

The bride given in marriage by her father, wore white lace over white satin with a fitted bodice and an oval neckline with fitted sleeves. Her veil of double illusion was attached to a crown embroidered in seed pearls. She carried a bouquet of white feathered carnations. Her only jewelry was a strand of pearls, an heirloom of her aunt's.

Mrs. Eugene Arnett of Glade-water, Tex., cousin of the bride, was matron of honor. She wore a waltz length dress of light blue silk organza with white pumps and carried a bouquet of shasta daisies. Gerald Jones of Prescott, brother-in-law of the groom, served as best man. The ushers were Carl D. Ward of Hope, brother of the bride, and Larry Ward of Texarkana, cousin of the bride.

The mother of the bride chose for her daughter's wedding a lime green linen dress with bone accessories. The mother of the bride wore a beige linen dress trimmed with lace and her accessories were white. Each wore a corsage of feathered carnations. For travel the bride wore a light blue dahlia cotton sheath dress with white accessories. She pinned the corsage from her bridal bouquet at her shoulder.

wedding party. Zinnias, gladioli, and daisies decorated the home. A table covered with pale green linen and decorated with marigolds held the bride's book at which Mrs. James Reese of Pine Bluff presided. She is the sister-in-law of the bridegroom.

In the dining room the table was covered with white lace over a pink background and centered with pink gladioli and white candles. The wedding cake was served by Mrs. Almer Willis of DeAnn, sister-in-law of the bride, while Mrs. Arthur Willis of Little Rock another sister-in-law, served the punch.

Besides the out-of-town members of the wedding party and the reception guests included Arthur Willis of Little Rock, Mr. and Mrs. Delaney Reese of Camden, James Reese of Pine Bluff, and Mrs. John G. Reese of Magnolia.

For travel the bride wore a blue two-piece cotton dress and her corsage was of white carnations. After a short wedding trip, they will be at home in Nashville, where the bridegroom is employed by Luck's Seed Store.

Tuesday Night Bridge Club Meets With Mrs. Lloyd Guerlin
A Tuesday Night Bridge Club met on June 28 with Mrs. Lloyd Guerlin. The hostess had pretty decorations of daisies and of dahlia leaves in her home. After two tables of members had enjoyed the evening, scores were tallied and Mrs. Bill Telleron was high with Mrs. Hatter Jones second high. The game prize also went to Mrs. Telleron. Dessert and coffee were served for refreshments.

Mrs. John Britt Entertains
Tuesday Bridge Club

Mrs. John Britt entertained her Tuesday Bridge Club on the afternoon of June 28. High scores for the play was Mrs. C. C. Lewis, while Mrs. H. C. Whitworth won the prize. Hydrangeas, roses, and geranias were the floral decorations. Mrs. Charles Harrell was a guest. For refreshments a salad plate and coffee were served.

DO ... DRIVE A SAFE CAR!

Most of last year's 37,000 traffic fatalities could have been avoided! Many of the cars involved were unsafe! Before you go out on the highway, drive in for a safety check-up. A little time may save a life ... yours!

And, please, remember! Even the safest car is only as safe as its driver! Check your temper, and obey traffic laws. And, don't forget, mixing alcohol and gasoline spell D-A-N-G-E-R !

DON'T ... BECOME A STATISTIC!

Cars can kill when YOU are not careful! It's up to YOU whether you and your loved ones return home safely!

Drive Carefully!

- Have your car safety-checked before you go.
- Obey all signs and traffic regulations.
- Slow down at sundown. Avoid excessive speeds.
- Pull off the road at once when you're tired.

Chicken And Corn Make Fine Companions

When the tassels on the corn are silky and full they serve as a reminder that tucked inside the husks there's a plump juicy ear. Yes, it's time for corn... with a favorite companion... chicken.

At one time these good go-togethers were almost exclusively reserved for "Sunday best." Not so today with frozen chicken parts carefully stored in the freezer. With little effort you can choose from packages of drumsticks, breasts, thighs, and wings... satisfying everyone's taste for light and dark meat.

The next time you feature corn & chicken, try this recipe:

Chicken In The Skillet
2 packages (1 pound each) frozen chicken breasts, drumsticks, thighs, or wings

Ingredients:
1/2 cup flour
1/2 teaspoon salt
Dash of pepper
2 tablespoons chopped onion
1/2 teaspoon poultry seasoning
1 small clove garlic, minced
2 tablespoons butter
1 can (10 1/2 ounces) condensed cream of chicken soup
1/2 cup canned tomatoes
2 tablespoons Chablis or other white dinner wine

Thaw chicken as directed on package; dust with mixture of flour, salt, and pepper. In skillet, brown chicken, onion, poultry seasoning, and garlic in butter. Add remaining ingredients. Cover; cook over low heat about 45 minutes or until chicken is tender, stirring now and then. Makes 4 to 6 servings.

New Party Show Fizzled as Expected

By FRED DANZIG
United Press International

NEW YORK (UPI) — The teen-age oriented special, "Coke Time," on ABC-TV Monday night, lacked effervescence. It fizzled when it should have fizzed.

Presided over by Pat Boone, noted authority on teen-age garb and grooves, the hour was supposed to enlighten squares like myself about the pony tail-flat top set.

For this, it lined up the pecking order of teen-age idols and idolines such as Frankie Avalon ("Be"), Paul Anka ("Aah"), two youngsters who, incidentally, now sport matching profiles — Edd Byrnes ("Whee"), Bobby Darin ("Yee"), Annette ("Funicello"), and Anita Bryant ("Ooh").

All this led me to expect a routine, jovious, humor-nacked swinging and, yes, youthful production.

Instead, it was generally slow-moving and curiously retrogressive. It was a weak imitation of a Frank Sinatra-Bing Crosby gig. As a salute to teen-agers, it was more of a salute to their parents, the Lawrence Welk set, musically speaking.

I won't dwell on the singing, since I feel we can all agree at this late date that the teen-age stars are not essentially singers. They're tailored personalities, tri-umphs for erowms who can spot a need, fill it by exploiting intangibles, and make it pay for everyone. Voice-wise, as adults like to say, I didn't expect much from Anka, Avalon, Byrnes, Annette, Darin and Denver. They're not my cup of Pepsi, but I'm just a growing boy.

The real surprise was hearing the old pro, Pat Boone slaughter the lovely ballad, "Somethin's Comin'" at the end of the hour. He smiled through it all.

Darin's admirers tell me the boy is great in night clubs. From what I see of him on TV, though, he's just copying Gary Crosby's act.

There were a few youthful, swinging bits during the hour. A "Madison Time" dance was filled with fun and spirit. A montage of top-selling records, with all hands taking part, breathed life into the show. Another spot that displayed humor, a commodity that was surprisingly scarce, involved a dance in the built-in transistor radio-listening booth.

Perhaps the trouble is that the performers all are used to working into echo chambers and tape replacers, using material that is handed for another season start-built upon the life-filled rock n' roll beat. This show paid scant attention to those needs. As a result, we had Paul Anka reciting the wistful, "Hello, Young Love," through Sept. 22 New time: 10:30 p.m.

He's 18. I expected Jay McInerney to come out at any moment and deliver, "September Song." ABC-TV special, set for Thursday, Oct. 27, has landed a sponsor. You don't invite Dave Evans to a party and ask him to sing "Elvis to a Party." The grownups NBC TV special of the fall season who paraded this hour together will have James "Maverick" Garner as its guest star.

Al Capp's "Fearless Fosdick" character is being prepared for a TV syndication as a half-hour possibility that NBC-TV will tape cartoon series by CBS films.

Much Damage From Floods

LITTLE ROCK (AP) — A rain-swollen lake dumped tons of water over its earthen dam at a rural club yesterday, flooding an area between Hensley and Woodson and causing damage estimated at \$20,000.

State Police said water from Ferguson Lake 17 miles south of Little Rock, temporarily blocked U.S. Highway 65.

Lakeside Country Club President Charley Meyer said the water caused about \$15,000 damage to a timber bridge which was swept away.

He said a floating dock and walkway received another \$5,000 damage.

The dam did not break. Club officials said logs and other debris jammed the dam's spillway, forcing water over the top.

About 30 or 40 boats also were sunk by the rising waters, but all were recovered.

Club officials said the bridge across the dam led to several homes. Residents stranded after the bridge gave way were evacuated by boat.

Court to Rule on Korean Claims

WASHINGTON (AP) — The Supreme Court has agreed to rule on claims by three soldiers, who defeated the communists when captured in the Korean War, that the U. S. government owes them prisoner-of-war pay.

It was one of a group of cases the court picked for hearing next fall as it would up its 1959-60 session yesterday. The court still convenes Oct. 3.

Claims of the three defectors, to prisoner-of-war pay were rejected by the U. S. Court of Claims. That court said that to grant them pay "would be to put a premium on dishonor and a penalty on courageous loyalty."

Otha G. Bell, 1911-shura, Miss., claimed \$1,435; William A. Cowart, Monticello, Ark., claimed \$4,991; and Lewiew. griggs, ak-onle, es, \$2,810.

Minister Returns

TEL AVIV, Israel (AP) — Prime Minister David Ben-Gurion returned to Israel today after visits to France, Belgium and the Netherlands.

Wagner Hear Laments Loud, Clear

NEW YORK (AP) — BenJill and just plain neighborhood folks bent a perspiring Mayor Robert F. Wagner's ear with lamentations loud and long as he launched his "Gripemobile" project in the heart of Greenwich Village.

BenJill poets demanded to know how come the fire department was closing down some of their coffee houses as firetraps. A "Save Greenwich Village" spokesman's gripe was that "Bronx-type apartment buildings" are ruining the charm and character of the village.

So it went for an hour Monday as the mayor sweated it out listening to the complaints of the people of an area long famous for talkers and thinkers on subjects one and all—including how to run City Hall.

When the mayor was able to edge in a word, he gave promises of looking into it immediately.

Jealous Husband Shoots Man

CHICAGO (AP) — Morris Spurlin, 27, of Rolla, Mo., was shot to death Saturday night, and police said the killer was a jealous husband who fled with his 16-month-old daughter in his arms afterwards.

Sought for questioning was a Rutherford.

Rutherford's wife, Jean, 28, a witness to the shooting, told this story:

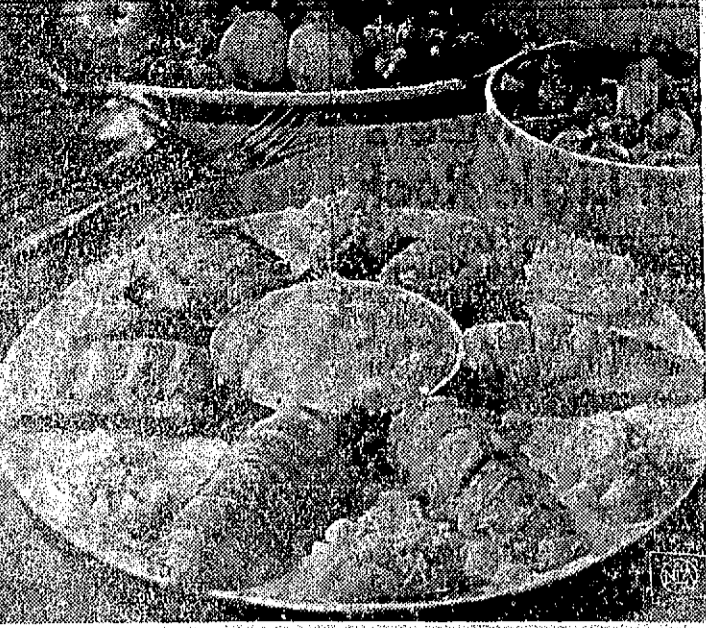

She and her husband had just pulled in front of their south side home when Spurlin drove up next to their auto and greeted them. Rutherford answered him with a volley of shots, one of which struck Spurlin fatally in the neck. Rutherford then dashed into the

house, emerged with daughter Kim and fled.

Mrs. Rutherford said her husband accused Spurlin, who once roomed with them, of paying too much attention to his wife. About a year ago, she said, Spurlin moved to Ohio, returning to Chicago Saturday.

Police said the victim had relatives in Hot Springs, Ark.

The estimated value of all building permits issued in 1959 was 122 per cent higher than 1958.

Dollarway Case Up to 3 Judges

ST. LOUIS (AP) — The Dollarway integration case is in the hands of three judges of the eighth U. S. Circuit Court of Appeals.

The court took the case under advisement yesterday after a two-hour and 15 minute hearing in which attorneys for the Negro plaintiffs charged the Arkansas pupil assignment law is being used to avoid integration.

Attorneys for the Dollarway School Board, on the other hand, argued that in addition to the 16 factors set up in the placement laws, a board also may consider race as a factor in assigning pupils.

There was no indication when the court would rule.

The Negroes seek admission of two teen-agers to the all-white school near Pine Bluff, Ark., and also challenge a court-approved plan under which Dollarway might admit some Negro first graders next fall.

Nine Trapped in Mine in Wales

ABERTILLERY, Wales (AP) — Nine men were killed and about 40 others trapped 1,000 feet underground today by an explosion at the Six Bells coal mine.

An official of the British National Coal Board, which operates the state-owned colliery, said "it may be hours or it may be days before we can get at the trapped men."

The blast occurred a mile and a quarter from the main shaft. It sent hundreds of tons of roof rock crashing into the level where the men were working, sealing off their escape.

Application Studied

LITTLE ROCK (AP) — The Arkansas Public Service Commission today took under consideration an application of Southwestern Bell Telephone Co. to buy seven exchanges from Union Telephone Co. of Smackover.

A Bell official said the price would be slightly more than \$500,000.

The exchanges are at Smackover, Callon, Mount Holly, Joplin, Urbana, Childester and Village.

PROPOSED CONSTITUTIONAL AMENDMENT NO. 50

BE IT RESOLVED by the House of Representatives of the Sixty-Second General Assembly of the State of Arkansas, and by the Senate, a majority of all members elected to each House agreeing thereto:

That the following is hereby proposed as an amendment to the Constitution of the State of Arkansas, and upon being submitted to the electors of the State for approval or rejection at the next general election for Representatives and Senators, if a majority of the electors voting thereon, at such an election, adopt such amendment, the same shall become a part of the Constitution of the State of Arkansas, to-wit:

SECTION 1. The annual salaries of the constitutional officers of this State shall be as fixed by law, but shall not exceed the following:

The Governor, the sum of \$20,000.00; the Lieutenant Governor, the sum of \$5,000.00; the Secretary of State, the sum of \$10,000.00; the Treasurer of State, the sum of \$10,000.00; the Auditor of State, the sum of \$10,000.00; the Attorney General, the sum of \$12,000.00; and the Commissioner of State Lands, the sum of \$10,000.00.

SECTION 2. The annual salaries or compensation of all elected county officials and their deputy hire allowances shall be as fixed by law, provided, that no such salary or compensation shall be in excess of \$10,000.00 per annum.

SECTION 3. The annual salaries of all elected municipal officials shall be prescribed by the elected government body of such municipality, but no such salary shall be in excess of \$10,000.00 per annum. Provided, that the salaries of municipal judges shall be established in the manner prescribed by Amendment No. 43 to the Constitution of the State of Arkansas.

SECTION 4. The annual salaries or compensation of all county and municipal officials, and their deputy hire allowances, shall be and remain the same as provided by law upon the effective date of this Amendment until the same shall be changed in the manner authorized herein.

SECTION 5. The salaries of state constitutional officers, elected county officials and elected municipal officials shall not be reduced or diminished during the term for which any such official shall be elected.

SECTION 6. Nothing contained herein shall limit or restrict the right of the people to establish the salaries of county and municipal officials by initiated act as authorized in Amendment 7 to the Constitution.

SECTION 7. All laws and parts of laws and all constitutional provisions in conflict herewith are, to the extent of such conflict, hereby repealed.

Approved: March 16, 1959.

PROPOSED CONSTITUTIONAL AMENDMENT NO. 51

BE IT RESOLVED by the Senate of the State of Arkansas, and by the House of Representatives, a majority of all members elected to each House agreeing thereto:

That the following is hereby proposed as an amendment to the Constitution of the State of Arkansas, and upon being submitted to the electors of the State for approval or rejection at the next general election for Representatives and Senators, if a majority of the electors voting thereon, at such an election adopt such amendment, the same shall become a part of the Constitution of the State of Arkansas, to-wit:

SECTION 1. In addition to other powers granted by constitutional authority, cities of the first and second class may issue, by and with consent of a majority of the qualified electors of said municipality voting on the question at an election held for the purpose, bonds in sums and for the purposes approved by such majority at such election as follows:

For the payment of any indebtedness existing at the time of adoption of this amendment; for the purchase of rights of way for construction of public streets, alleys, boulevards, and expressways, within the corporate limits of such municipality; for the construction of sewers and comfort stations; for the purchase of fire alarm systems; for the purchase of street or fire fighting apparatus and equipment; for the purchase of street cleaning equipment and apparatus; for the purchase of sites for, construction of, and equipment of city halls, auditoriums, court houses, prisons, libraries, hospitals, clinics, public bathhouses, incinerators or garbage disposal plants; for the purchase of sites for, construction of, and equipment of buildings for the housing of street police or fire fighting apparatus and equipment; for the construction of viaducts and bridges; for

the purpose of performing, improving, maintaining, or constructing of water works or light plants, and distribution systems therefor; and for the acquisition, development and construction of other municipal or public facilities and improvements. For the purchase, development and improvement of airports, waterworks, sewage disposal systems or any other municipal facilities which are, wholly or partially, located outside the boundaries of this State.

No bonds issued under the authority of this amendment shall bear a greater rate of interest than six per cent per annum payable either annually or semi-annually; that is to say, the cost to the municipality for interest and discount, on each issue of bonds shall not exceed six per cent per annum, and no bonds issued under the authority of this amendment shall ever be sold except at public sale after twenty days advertisement in some newspaper having a bona fide circulation in the municipality issuing such bonds.

In order to provide for the payment of the bonds issued under the provisions of this amendment, and interest thereon, a special tax in addition to the legal rate permitted may be levied by municipalities on the real and personal taxable property therein. And any municipality issuing any bonds shall, before or at the time of doing so, levy a direct tax payable annually sufficient to pay the interest on such bonds as the same matures, and also sufficient to pay and discharge the principal of all such bonds at their respective maturities. The special tax permitted by this amendment shall not be subject to any constitutional limitation; provided, however, the General Assembly may by legislative act limit the rate of such taxation, which limitation shall be effective only upon a special tax levied for the payment of bonds issued after the effective date of such legislative act.

Said bonds shall be serial, maturing annually after three years from date of issue, and shall be paid off as they mature, and no bonds issued under the authority of this amendment shall be issued for a longer period than forty years.

It shall be the duty of the mayor and city council or other governing body established by law, to exercise supervision over the sale of any bonds, which may be voted by the people at an election held for that purpose and they shall expend economically the funds so provided for the specified purposes for which they were voted.

Said election shall be held at such times as the city council may designate by ordinance, which ordinance shall specifically state the purpose for which the bonds are to be issued, and if for more than one purpose, provisions shall be made in said ordinance for balloting on each separate purpose; which ordinance shall state the sum total of the issue, the dates of maturity thereof and shall fix the date of election so that it shall not occur earlier than thirty days after the passage of said ordinance. Said election shall be held and conducted, and the vote thereof canvassed, and the result thereof declared under the law and in the manner now or hereafter provided for municipal elections, so far as the same may be applicable, except as herein otherwise provided. Notice of said election shall be given by the mayor by advertisement weekly for at least four times, in some newspaper published in said municipality and having a bona fide circulation therein; the last publication to be not less than ten days prior to the date of said election.

Qualified voters of said municipality only shall have a right to vote at said elections, and the result of said election shall be proclaimed by the mayor and the result as proclaimed shall be conclusive unless attacked in the courts within thirty days after the date of such proclamation. This amendment shall not repeal or affect any law relating to the organization of improvement districts.

SECTION 2. In addition to any existing Constitutional or Statutory provisions, and the powers granted under the provisions of this amendment, cities of the first and second class are hereby authorized to levy a tax on the real and personal property located within the corporate limits of five (5) mills on the dollar of the assessed value of such property. That the revenues from such tax may be used for any municipal purpose now or hereafter authorized.

SECTION 3. The General Assembly may by legislative act allow cities of the first and second class to levy additional taxes for any municipal purpose, now or hereafter authorized, and such taxes or the rates thereof shall not be limited by any existing Constitutional provision.

SECTION 4. The salaries of officials and employees of cities of the first and second class shall be fixed by the governing body of such cities, and the amounts of such salaries shall not be limited by any existing Constitutional provision.

SECTION 5. This amendment shall be in force upon its adoption, and shall not require legislative action to put it into force and effect.

All provisions of this amendment, whenever at any annual school election, a majority of the qualified electors of the district voting on the proposition shall approve the rate of tax levied proposed by the board of directors, then taxes

BE IT RESOLVED by the Senate of the State of Arkansas, and by the House of Representatives, a majority of all members elected to each House agreeing thereto:

That the following is hereby proposed as an amendment to the Constitution of the State of Arkansas, and upon being submitted to the electors of the State for approval or rejection at the next general election for Representatives and Senators, if a majority of the electors voting thereon, at such an election, adopt such amendment, the same shall become a part of the Constitution of the State of Arkansas, to-wit:

SECTION 1. Intelligence and virtue being the safeguards of liberty and bulwark of a free and good government, it is hereby declared to be the public policy that Arkansas shall ever provide financial aid whereby all residents of this State between the ages of six and eighteen years may, as desired by them or their parents or guardians, receive gratuitous instruction; and that the manner of administering such aid can best be determined at the local level.

SECTION 2. Financial aid to carry out the aforesaid declared policy of the people of this State shall be raised at both the State and local levels through taxation now or hereafter authorized by law. Financial aid at the State level shall be provided in such amounts, and distributed to school districts under such formula, or formulas, as the General Assembly shall, from time to time, determine; and financial aid at the local level shall be provided in such amounts as shall from time to time be determined by the qualified electors of the respective school districts.

SECTION 3. The qualified electors of each school district shall have the right to determine by their vote at a special election called for the purpose, the manner of applying the financial aid available for the instruction of residents of the district between the ages of six and eighteen years; and such instruction may be provided either: (a) through a system of free public schools whereof the district will provide the physical plant, employ instructors, and do any and all things necessary to maintain a general, suitable and efficient system of free schools to be operated by the district; or (b) through student education financial aid whereof the district will apply all available funds for the equal benefit of all such residents for the periods of time during which they respectively receive instruction in this State.

SECTION 4. Subject to such limitations as may be imposed by law, exclusive jurisdiction for the government of each school district shall be vested in a board of directors.

SECTION 5. There is hereby levied and there shall be collected an annual per capita tax of one dollar from each resident of this State over the age of twenty-one years, and the proceeds thereof shall be used for educational purposes in such manner as is now or as hereafter may be provided by law.

SECTION 6. Not less than fifteen days next preceding each annual school election, the board of directors of each school district shall prepare, approve and make public a proposed budget of expenditures in which there shall be set forth the amount of funds determined by the board as being necessary to provide, during the next following fiscal year, gratuitous instruction for residents of the district between the ages of six and eighteen years. The proposed budget shall set forth the estimated amounts, respectively, of funds necessary: (a) to meet the debt service requirements of the district's issued and outstanding bonds; (b) to meet its other contractual obligations; (c) to pay insurance premiums on, and cost of maintenance or custodial care of, buildings and other property owned by the district; and (d), in such detail as the board shall determine, the estimated amount of funds required for other educational purposes. From the total of the aforementioned requirements for the fiscal year shall be deducted the estimated amount of funds to be available to the district from State aid and from all other sources other than the local property tax, and the remainder as so determined shall be designated and known as the budget deficit. Based upon the assessed valuation of all taxable property within the territorial bounds of the district for the then current year, the board of directors shall determine the rate of tax levy necessary to provide, when applied to the amount of said assessed valuation, funds of sufficient amount to meet the aforesaid budget deficit; and the rate of tax levy as so determined shall be submitted for the approval or disapproval of the qualified electors of the district at the next following annual school election.

Stockholders of Railway Are Courted

NEW YORK (AP)—Stockholders of the Baltimore and Ohio Railroad today found themselves courted by directors of both the New York Central and the Chesapeake & Ohio Railroads.

Both the Central and the C&O directors want the stock owned by the B&O shareholders.

The Central directors Tuesday offered 1 1/2 shares of Central stock, plus \$9 in cash, for each B&O common share. That was equal to about \$43 a share at current market levels. B&O common closed at \$30 1/2 Tuesday on the New York Stock Exchange.

Previously, the C&O had offered one share of C&O common for each 10 shares of B&O common, that was equal to about \$35 a share.

However, the C&O has a much better record of dividend payments on its common stock than has the Central.

The Central said it would limit its B&O common purchases to 1,550,000 shares. There are 2,540,000 shares outstanding.

The Central wants a three-way merger with the B&O and the C&O. Its president, Alfred Perlman, said the road would be re-

Governor Goes to Meet Illegally

CHICAGO, NATIONAL PARK, Mo., (AP)—More than half of the governor's parties are reported to have flown to the grand jury's conference here in violation of a Pentagon regulation governing alien use of National Guard planes.

It is in violation if persons ride in a Guard plane except the crew and certain others specifically authorized—including the governor, his wife, his executive aide and his staff.

This was reported in the governor's report to a session of federal state relations.

The report prompted former Gov. Millard Simpson of Wyoming to warn governors—not against such use of Guard aircraft—but against flying in "those antiquated gooney birds."

The inclusion of any additional Eastern railroad in this two-way affiliation would destroy this constructive movement at this time.

The Central wants to get in any B&O and C&O merger because of Perlman's stated belief that the Pennsylvania Railroad, long the Central's chief rival, is assembling a big Eastern system with itself as the center.

The Central wants a three-way merger with the B&O and the C&O. Its president, Alfred Perlman, said the road would be re-

A Crisp Tasty Caesar Salad For Informal Summer Dining

Planning for a small or large group an easy appetizing summer-time dinner menu should always include a garden fresh salad. Greens are plentiful and especially good during the summer months. The well-known Caesar salad which originated in California enjoys tremendous popularity and is simple to prepare. Combines well with almost all foods. For an extra tang to the salad toss in some diced anchovies before serving.

CAESAR SALAD

Ingredients include 1/2 cup of olive oil in which a clove of garlic, peeled and sliced, has been placed for at least 24 hours.

Prepare: 1 cup cubed French bread
Toast the cubes. Place them in a bowl.
Pour over them: 2 tablespoons garlic oil
Cut up: 2 heads of romaine
Place the romaine in a salad bowl.
Sprinkle over it: 1 1/2 teaspoons salt
1/4 teaspoon dry mustard
A generous grating of black pepper
Add: 3 tablespoons wine vinegar
6 tablespoons olive oil
Cook gently in simmering water for 1 1/2 minutes: 1 egg

Drop the contents from the shell onto the ingredients in the bowl and the egg yolks and 2 tablespoons of more grated Parmesan cheese. Toss the salad well. Serve it at once. If desired, toss in some diced anchovies before serving.

Drive to Make Teachers Qualified
SAN DIEGO, Calif. (AP) - The teaching profession was urged today to launch an all-out attack on public acceptance of "placemat" teacher's certificates.

Arthur P. Corey, executive secretary of the California Teachers Assn., told an education convention, "In no other profession do we find practitioners who have not met reasonable and carefully established standards."

In a paper distributed to delegates at the annual meeting of the National Commission on Teacher Education and Professional Standards, Corey said that the requirements for teacher certificates in the various states are usually set by state boards of education, most of whose members are not in the profession.

Bank Interest Up
LONDON (AP) - Britain's official bank interest rate was raised today to 4 per cent from 3 1/2 per cent in an attempt to correct an adverse balance of payments and curb inflation.

The second increase since Jan. 1 in the Bank of England rate, which sets the interest pattern for all sterling area lending institutions.

The rate was hiked to 4 from 3 1/2 per cent Jan. 21.

It was recently increased. Among the effects of the new squeeze will be the stiffening of credit terms for importers needing money to pay for foreign goods.

British reports have been mixed.

Ike High on Meeting of Top Officials

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — President Eisenhower still cool toward summit conferences, is high on goodwill visits by heads of state and looks on his foreign journeys as a success.

In his report to the nation Monday night he was enthusiastic about the value of his recent Far Eastern trip which was marred by the Tokyo riots that forced cancellation of his visit to Japan.

He glossed over the fact that non-Communists supported the Tokyo demonstrations against the American-Japanese defense treaty and he directly blamed the Communists for inspiring the riots.

As recently as last summer—when he was before he agreed to meet Soviet Premier Nikita Khrushchev at the summit in Paris on May 16 of this year—Eisenhower took a dim view of summit conferences.

At that time he made it known he did not like the modern development of diplomacy—summit

meetings—and considered them a step backward for the heads of state to spend their time on work that belonged to foreign ministers, the specialists.

Monday night he drew a big distinction between summit meetings by heads of state and goodwill trips by heads of state to foreign countries.

"I believe that heads of state and government can, occasionally, and preferably on an informal basis, profitably meet for conversations on broad problems and principles. They can, of course, also convene to give solemn approval to agreements previously prepared by normal diplomatic methods," Eisenhower said.

"But heads of government meetings are not effective mechanisms for developing detailed provisions of international compacts, and have never been so considered by this government.

"On the other hand, the goodwill aspects of a visit by a head of government can frequently bring about favorable results far transcending those of normal diplomatic conferences."

Still fresh in his mind as he talked was the fact that Khrushchev not only wrecked the May summit meeting but also called off Eisenhower's trip to Russia. It was possible to read into

what the President said the belief that the success of his foreign trips before the summit meeting so disturbed the Communists that this was their real reason for calling off his visit to Russia.

After blaming the Communists for the Tokyo disorders, Eisenhower said: "Respecting Japan, in spite of the outrageous conduct of a violent and disorderly minority, I have been assured that the people there were, in overwhelming majority, anxious to welcome me as a representative of a nation with which they wished to cooperate and to have friendly relations."

But on June 13—three days before the Japanese government cancelled Eisenhower's trip and while the riots were increasing in intensity—The Associated Press reported from Tokyo:

"It is not correct to give the easy, pat explanation that the Communists created the present crisis. Japan's gravest since the end of World War II. But they have certainly played a major role. The political chaos is tailored precisely to their desires."

This story, pointing out the feeling among many Japanese against the defense treaty which was supposed to go into effect June 19, the

Ex-Senator Dies

ALEXANDRIA, Minn. (AP)—Former U.S. Sen. Henrik Shipstead, 79, died in his sleep Sunday at a rest home.

During his four terms in Washington the Minnesota senator stood in the forefront of the fight against foreign involvements.

Starting in 1922 he was sent to the Senate three times on the Farmer-Labor ticket, now the Democratic Farmer-Labor ticket, and was elected on the Republican ticket in 1940. He was defeated in 1946.

day of Eisenhower's scheduled arrival, said:

"The Communist effort could not have been effective, of course, if it hadn't had widespread Japanese antiwar, anti-Kishi (Premier Nobusuke Kishi), anti-nuclear bomb and even anti-foreigner sentiment to exploit."

The President said final approval of the treaty by the Japanese government was a "signal defeat" for international communism.

But there is still one question pending: Will the antitreaty feeling become so widespread that the treaty, for all practical purposes, will be rendered meaningless?

Rockefeller Raps Medical Aid to Aged

By JACK BELL
GLACIER NATIONAL PARK, Mont. (AP) — Gov. Nelson A. Rockefeller carried his running argument with the Eisenhower administration into the field of medical aid for the elderly today.

Already involved in a Republican ruckus over his criticisms of defense policies, the New York governor invited another fracas by denouncing as "fiscally unsound" an administration measure to subsidize the health insurance of needy persons over 65 years old.

Rockefeller called, in a discussion paper for a final-day governors' conference panel on problems of the aging, for congressional passage of a bill to finance health insurance payments for the elderly through social security payroll taxes.

Rockefeller opposed the "means test" in the administration bill as likely to require "cumbersome and costly administrative mechanisms in all 50 states."

He proposed setting up a

Continental League May Be Erased

By ED CORRIGAN
Associated Press Sports Writer

NEW YORK (AP) — Has the death knell sounded for the Continental League?

Or is an all-out baseball war in the making?

President Branch Rickey and Bill Shea, founding father of the Continental League, were mapping their plans today in the face of the most discouraging blow to the new league yet.

The Senate Tuesday night killed a bill to open major league rosters to an unrestricted draft. This was the key to the success of the Continental League, which had hoped to start operations next year.

"It was a bad blow," admitted Shea. "But we still haven't given up. We've got to consider our plans a little longer before we decide what course to follow."

The bill would have made players owned by the major leagues subject to unrestricted draft once a year except for 40 on each club's roster. It would apply to players with four years' service in the minors.

Six weeks ago, Shea admitted that the Continental League had only two choices if the bill failed to go through—declare war or quit.

Even if the Continental League—which still doesn't have a player under contract—managed to join the bill through in Washington another big stumbling block appeared no closer to settlement than when negotiations first started.

That was the issue of indemnity for the cities that were taken over. In the International League, it was to be Buffalo and Toronto.

The IL demanded \$750,000 each and the Continental League offered \$800,000.

The top brass in the majors was pleased with the death on the bill.

"It was a bad piece of legislation," said Commissioner Ford Frick. "It would have hurt the Continental League as well as the National and American leagues."

NYC to Acquire Shares of B&O

NEW YORK (AP)—A fight for control of America's oldest railroad, the Baltimore & Ohio, erupted today.

Directors of the New York Central Railroad voted to make an offer for 1,550,000 shares of B&O common stock held by shareholders. The Chesapeake and Ohio Railway already has offered to buy the B&O stock.

Central President Alfred Perlman said the road would offer Baltimore & Ohio shareholders 1 1/2 shares of Central common stock and \$9 in cash in exchange for each share of B & O common.

The offer will expire Sept. 26, 1960, unless extended.

Gale Kills Five

SEOUL, South Korea (AP)—A 50-mile-gale hit South Korea Sunday, killing five persons.

"health benefit trust fund" financed by a one-half per cent increase each for employees and employers in payroll taxes. Each social security beneficiary would have the option of receiving health services or a check to meet part of the cost of outside health insurance he carried.

Ready to close up their conference shop for the year, the governors were reported leaning toward Gov. Stephen L. R. McNichols of Colorado, a Democrat, as their new chairman to succeed GOP Gov. J. Caleb Boggs of Delaware.

In their usual discussion of highway matters, the governors got a proposal from publisher William Randolph Hearst Jr. of the Hearst newspaper, for pooling of funds by the states to finance research on prevention of traffic accidents.

Speaking as chairman of President Eisenhower's Committee on Traffic Safety, Hearst said in a prepared address that a penny a year per vehicle would produce \$700,000 for this purpose.

There was an up a whole sheet of proposed resolutions. Among these was one by Gov. G. Mennen Williams of Michigan, calling on Congress to enact a bill for medical insurance benefits for the elderly within the framework of the social security system.

This put Democratic Williams and Republican Rockefeller in the same anti-administration boat. They saluted each other's position there Tuesday on the issue that this country lacks adequate defenses to offset Soviet military might.

Urging a three-billion-dollar increase in Eisenhower's defense budget, Rockefeller said in a conference report that this country now is "more exposed to fatal danger than ever before in our history."

Spicy Shrimp And Icy Coffee
Make A Pretty Party Luncheon

For the most feminine and artistic of party luncheons, here is a wonderful new deviled specialty, baked and served in gracious shell-shaped ramekins. What the ramekins contain is a treat to behold. This delectable variation of more familiar deviled dishes stars the shrimp!

Smooth and spicy, Deviled Shrimp is a compliment-winner on every occasion. It's particularly welcome during the warm weather months because it takes a minimum of cooking time for a maximum of eating pleasure. Once the sauce has been blended, and the diced shrimp added, the individual ramekins are baked for just ten minutes. Each is garnished attractively with a whole shrimp just before serving.

As a cool complement to this tangy treat, serve your finest, frostiest coffee. To keep iced coffee full-strength, brew coffee a bit stronger than usual and pour it hot into ice-filled glasses. Just remember to prepare plenty of

DOROTHY DIX
Common-Law Wife Seeks Security of Marriage

By HELEN WORDEN ERSKINE

Dear Helen Worden Erskine:

I was forced by my father to marry a man I lived with. He was 30 years older than I. We broke up after five years. He was unable to divorce me. I couldn't divorce him on my wages.

In my loneliness I met a man in similar circumstances. We lived as husband and wife and have reared three girls in the ten years we've been together.

My legal husband died recently. My common-law husband isn't divorced. His wife left him when he was overseas.

I resent being in the same situation again. The children were put in my name at birth. Should I leave their father and get married respectfully or try harder to stay put? Is it my duty to tell him my feelings and hope for the best? —R

Dear R: Three wrongs won't make a right. Stay put and work out the problem with this man if only for the good of your children. It is workable if you have the will to do what is right.

By all means have a heart-to-heart talk with your common-law husband. Appeal to his better self. If his wife has been gone ten years he may be free to marry you. To look up still another man will hopelessly snarl an already complicated situation. If you don't solve each problem as it comes up, fate will lead you back to you again and again and each time it will be a little harder on you.

Dear Helen Worden Erskine:

I'm a bored and unhappy 15-year-old girl. I'm alternate organist of our local church. One night a week is choir practice. I get up at six a.m. every day, return home at 4:10 p.m. from school, watch a couple of TV series, practice the piano for one half hour—all the time I'm allowed—eat, do my homework. By 8 p.m. I'm finished with nothing left but to watch television. Reading is boring if done every night. I thought about joining the school band and clubs. I was even asked to sing in the school play. I intend to make my music my career even though since the death of my father I've not been able to continue my lessons. But all of these things I had to give up. If I miss the only bus I'm left in town.

I can't have a dog because, with mother working, no one is home during the day. I never have a date. There is no one for miles around around my own age. My mother, sister and I keep a house in tip-top shape. I make average grades in school but I am terribly bored and unhappy. Mother says I should be thankful for a roof over my head, food and clothing. Could you think of something to interest me which wouldn't cost much nor require transportation? Am I pining myself too much? —Lonesome

Dear Lonesome: Look upon these lonely years as a golden opportunity to realize your dream—a musical career. Spend every free waking hour studying music. If practicing is limited because of the din, buy or rent a noiseless keyboard. Practice, practice, practice! Read all the books you can get on music. Familiarize yourself to the point where you can try for and win a scholarship.

Send your problem to Helen Worden Erskine. Be sure to enclose a stamped, self-addressed envelope, and address her in care of this newspaper.

First Vote Change Unconstitutional

LITTLE ROCK (AP) — The attorney general's office today ruled unconstitutional an Arkansas law which shortens the period of eligibility for maiden voters.

Act 329 of 1957 said that anyone reaching the age of 21 after Oct. 1 and prior to an election in which he planned to vote could cast a ballot without paying a poll tax.

Assistant Atty. Gen. Thorp Thomas wrote in an opinion that the Constitution provides such maiden voters must have turned 21 after April 10 in order to vote without a poll tax between that date and Oct. 2 of the following year.

Apparently the effect of the act cut from 18 to 12 months the period of eligibility for a maiden voter who had no poll tax receipt.

The opinion was asked by Dallas Rep. Weems Trussell, who said the law caused some confusion in the 1958 primary elections.

Trio to Help Hollywood Save Title

HOLLYWOOD (AP)—How can Hollywood retain the crown it has held for 50 years as the film capital of the world?

The men to ask are the real creators of the movie business. Three such are Walt Disney, George Stevens ("A Place in the Sun," "Shane," "Giant") and Mark Robson ("Champion," "My Foolish Heart," "Peyton Place"). All three have recently returned from trips abroad with new insight to the industry's problems.

How do they view Hollywood's plight?

Disney: "We're going through a rough period now, but we've had times of panic before. The thing to do is try to figure how to get out of it."

Robson: "There's no doubt that the picture business is in a terrible state. But it's also true that certain pictures can earn more than ever before."

Stevens: "The picture business is certainly not the same as it was in the days when the big studios ran the town. It never will be the same, either."

What can be done to improve the situation?

Stevens: "I think more time must be taken in making pictures. Too many of them are hastily prepared, shot in a hurry and edited just before the producer has to grab a jet to New York. Writers are expensive, so they're hired for 10 weeks only, then get laid off."

Disney: "We've got to make it more comfortable for people to go to the theater, as well as give them good pictures. Many theaters still have the same seats they had when I started in the business. Many of them have no air conditioning. They've got to gear to the jet age."

Robson: "I would like to see no censorship of films. We're in the same position as the theater: we've got to deal with contemporary matters frankly. I would leave it up to the American public what should be shown."

What can be done about encouraging talent?

Stevens: "This business has always been inhibited about developing new talent. We desperately need new stars, new writers, new directors, plus the men who can make deals and provide enthusiasm—call them producers. Perhaps TV can provide them."

Robson: "The big studios must move into the position where they will make film creators actual partners not just employees."

Disney: "Producers too often are afraid to take a chance on new people because they want the insurance of recognized names. We've got to gamble more."

Students Riot

TOKYO (AP) — A new student demonstration against the U.S.-Japan security treaty and Premier Nobusuke Kishi's conservative party flopped resoundingly today.

A wing of the radical Zengakuren students' federation announced 3,000 would demonstrate only 200 showed up at the Parliament building.

The fizzle was an indication of general calming of tempers since the treaty became effective June 22 and Kishi promised to resign.

Traces Explosives

CARACAS, Venezuela (AP) — Foreign Minister Ignacio Luis Araya told the ambassadors of other American states Monday night what Venezuela plans to do in the mounting war of nerves with the Dominican Republic.

Venezuela has proof the explosives used in the attempt to assassinate President Romulo Betancourt last Friday were brought from the Dominican Republic, Araya said.

He gave the diplomats a message for transmission to their governments but its contents was not disclosed.

Killed in Wreck

MEMPHIS (AP) — Marjorie Davidson, 18, of Hughes, Ark., was killed yesterday when the car in which she was riding struck a girder on the Memphis-Arkansas bridge after colliding with a truck.

A companion, Barbara Sykes, 17, also of Hughes, was injured. The truck driver said his vehicle was stopped when the car hit the rear of the truck, then bounced into the girder.

Wants Longer Tenures

WASHINGTON (AP) — The Senate today was urged to ask future political appointees "to serve so long as the President desires" before it confirms them.

The recommendation came from the Government Operations Committee as a result of a continuing investigation into government policy making by a subgroup headed by Sen. Henry M. Jackson (D-Wash.).

Jackson's report said his group had heard testimony that many businessmen, industrialists and other appointees to Cabinet and agency posts often quit before they have time to learn their difficult assignments.

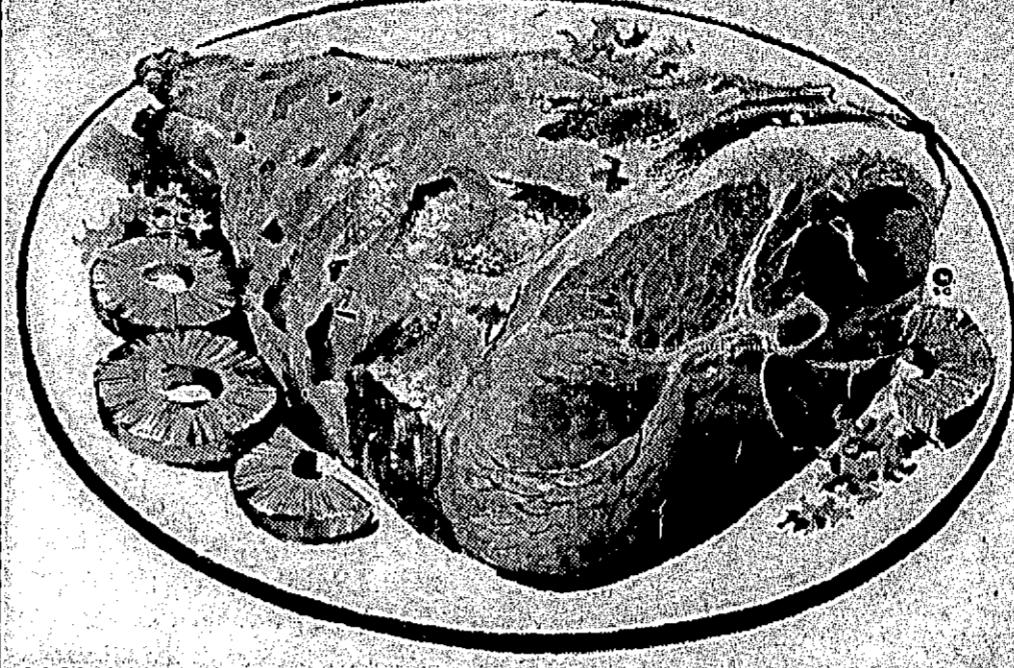

Typhoon Years East

HONG KONG (AP) — Typhoon Olive veered east as it whirled across the South China Sea today and the Royal Observatory predicted it would spare storm-battered Hong Kong unless it changed course again.

The typhoon cut across the northern Philippines Sunday, leaving 104 dead, more than 500 missing and more than 600,000 homeless.

Hong Kong is recovering from devastation of Typhoon Mary less than three weeks ago.
